Learning...

Next.JS & Backend development

German (Language)

Skills

HTML/CSS

Strong experience with HTML (especially HTML5) and good understanding of CSS (and Tailwindcss) to create visually-pleasing and responsive websites.

JavaScript

Can use JS that showcase Functions, Arrays and objects, DOM manipulation, API use, and general ES6+ features.

React

My preferred framework to work with when projects require heavier work.

Git & GitHub

https://github.com/RanSW999

Mild experience

Basic understanding of JAVA/C++/Python, learning Next.JS.

Education

Computer Science student
University of Shahid Chamran
2025 - on going
